Strophe 2 :

We dug both in the dirt, I wore his shoes and he my shirt - long time, long time ago !
He tought me lots of sports and I helped him in other sorts - long time, long time ago !
And sometimes, after stress or sadness,
I sat on the banks alone with Jim,
and animated him to swim.

Strophe 3 :

But everybody knows, in the winter's falling snow. - It's time, it's time to go !
And after that, in spring, you will hear a new bird sing. - It's time, it's time to go !
I went down to the blue, old river,
but I knew, the river is now dry,
and some tears ran out of my eye.
