Text u. Musik: René Frank, 26.09.2000

Vorspiel

Strophe

Some-times when the night set in, I lie in my bed and have this feel - ing:
No - thing that I've done to-day will help the peo-ple or the world.

All seems to be for my own, the least of all will last for a few
days.

Refrain

Am I here to live the life or is there an im - por - tant ex - er - cise?
Do I all right? Or do I wrong, who knows what should hap-pen?
This is just the on - ly life we have on earth.

Strophe 2 :

Heavy darkness over me and not a single light is burning,
 I can feel the mystery of coldness and know there's a morning.
 But on the world are areas, where days and nights are both dark, without hope.
